CONTENTS:

1	Indices and tables	3
----------	---------------------------	----------

This terraform template is inspired directly from the following blog post:

<https://buildvirtual.net/deploying-and-configuring-a-vcenter-appliance-using-terraform/>

The objective of this project is to define the deployment of a VCSA appliance via Infrastructure-as-code.

INDICES AND TABLES

- `genindex`
- `modindex`
- `search`
